EASTER ISLAND PRE-TRIP to your Chile Eclipse 2019

June 21 – 26, 2019

OVERVIEW

We invite you to join this Easter Island Expedition which is scheduled immediately before your Chile Eclipse Expedition, June 26- July 6, 2019.

This adventure to Easter Island will give you a great introduction to the island's heritage with an excellent local guide.

We will fly west from Santiago 2,350 miles to Easter Island, the eastern corner of the Polynesian Triangle.

About one thousand 10- to 30-ft tall moais are found on Easter Island, carved out of the volcanic rock. Many moais can be seen in different stages of production and others have been uprighted and replaced on platforms facing out to sea. We'll also become acquainted with the Easter Island culture.

Exploring the extraordinary cultural and archaeological wonders of legendary Easter Island is certainly a lifetime experience. We hope you will take advantage of this opportunity to go there.

For reservations, please **phone Taunya (800) 252-4910** or email: betcharttaunya@gmail.com
For costs and other details please see below. We hope you will be able to join us!

DAILY ITINERARY

Days 1/2 (Fri, June 21 - Sat, June 22) USA to Santiago

Depart the USA for Santiago, arriving on the morning of Day 2. Overnight Santiago.

Day 3 (Sun, June 23) Santiago to Easter Island

Transfer to the Santiago airport for our flight to Easter Island. Arrive on Easter Island in the afternoon and transfer to our Hotel (*3 nights*), an excellent small hotel within walking distance to all in Hanga Roa, the capital and population center. Our Easter Island guide will give us a short introduction as we begin our exploration of Easter Island. We will depart for the interior of the island, and gain our first impressions of Easter Island culture as we visit restored Ahu Akivi with 7 Moais. Per the oral traditions these statues represent the 7 messengers of Kine Hotu Matua who came to explore this far away island for their king and people. We will then proceed to the Ana Te Pahu Cave, one of the biggest lava tubes of the island. We will continue along the west coast to Ahu Tepeu (not restored) and see remains of a village with “Hare Paenga” remains of house constructions. Afterwards drive to the topknot-quarry Puna Pau. (B,L,D)

Day 4 (Mon, June 24) AhusVaihu - Rano Raraku & Ahu Tangariki

This morning we will drive to the south coast and visit representative examples of unrestored platforms, Ahus Vaihu and Akahanga. Proceed to Rano Raraku, the quarry with almost 900 stone statues, 397 of them still lying or standing at the slopes of the extinct volcano in different stages of completion. Here we will spend time leisurely walking around and trying to comprehend what happened some hundreds of years ago at this spectacular site. We will enjoy a picnic lunch at Rano Raraku in the famous setting. Then visit Ahu Tongariki nearby (with 15 restored moais), most recently reconstructed after being destroyed by a tidal wave in 1960, and the most impressive restoration on the island. After a day full of new experiences and impressions drive back to your hotel. (B,L,D)

Day 5 (Tues, June 25) Orongo & Anakena

Drive to the extinct volcano Rano Kau this morning. Appreciate on the way a view over the whole island and see its distinct volcanic features. We will proceed to a breathtaking outlook at the crater lake of Rano Kau. Afterwards drive to the ceremonial village of Orongo, where the birdman competition took place and here you can see the spectacular petroglyphs related to this tradition. Drive down to Ahu Vinapu (not restored) reminding us of pre-Inca architecture with its precisely cut stone slabs. Then drive to Ana Kai Tangata cave with its wall paintings. In the afternoon, we will explore the east coast and visit the unrestored Ahu Te Pito Kura and the “Navel of the World.” We will visit restored Ahus Nau Nau and Ature Huke and take some time off under palm trees or enjoy a swim in the warm southern Pacific Ocean. Late afternoon return to hotel. (B,L,D)

Day 6 (Wed, June 26) Easter Island to Santiago

In the morning we will visit the archeological site of Tahai with three restored Ahus and moais. Here we will finally see a statue with its eyes reinserted. There are also restored remains of boathouses, a boat ramp and other ancient types of construction. Visit the museum close by, and the church with its interesting woodcarvings. Depart on our flight to Santiago, and transfer to our Santiago hotel. Begin the Chile Eclipse program tomorrow. (B)
