Discover the Archaeological Wonders of
Cyprus & Rhodes
including Bodrum and the Greek Isle of Kos
May 4-17, 2020

Join us! And discover the fascinating archaeological heritage and history of the Mediterranean Islands of Cyprus and Rhodes, as well as Bodrum on the Aegean Coast of Turkey, and the Greek Isle of Kos.

Under the superb leadership of archaeologist Dr. Blanche Menadier, we will explore archaeological sites, museums, and fascinating ancient cities. We are fortunate to have become acquainted with Blanche, through her archaeologist husband Dr. Ken Sheedy, who so many of you have traveled with.

Our investigation of Cyprus will include the most important prehistoric site in

the eastern Mediterranean, Choroikoitia, as well as the Idalion and Cyprus museums, for an excellent introduction to the influence of Assyrians, Greeks, Phoenicians, and Romans on Cyprus. We'll also explore Limassol and Amathus, Kourion, Kato Paphos and other sites, and have an adventure into the Troodos Mountains.

Best Regards,

Margaret
