

## INDIA WILDLIFE SAFARI MARCH 2026

Reporting back, with pictures!

I owe a HUGE thank you to everyone. What a wonderful trip! Every single aspect of the trip organization was handled to perfection. I had the BEST time!

You managed all the communications between Betchart Expeditions and me seamlessly. I always had every single bit of the information that I needed, when needed, and always in a good usable format. You were dealing with people in at least three countries (USA, India, and me in New Zealand), but from my viewpoint as a customer, all that behind the scenes work was invisible. The internal travel air and rail ticketing arrangements were put in place and worked fine, without any worry or effort from my side. The experience was perfect, and seamless. Thank you!

Bablu Khan (escort) is an absolute treasure – perfectly organized, extremely knowledgeable and helpful, and unfailingly kind. I felt so uniquely privileged and lucky! Not only that, he is a brilliant photographer who could pick up and use my big camera to collect excellent photos and videos whenever my hands were full of binoculars. Wow!

All of the Exotic Journeys people were professionals and vested in ensuring that my trip was going well. That a top person made sure to briefly check in with me in person in Bharatpur was remarkable. The drivers and cars and guides were great. I particularly appreciated being met at the airport upon my arrival in Delhi, and later, being guided safely through check-in by someone with an airport pass, when it was finally time for me to depart Delhi to return home.

The hotels and food were of course all quality. Two hotels deserve special comment for being extraordinarily well-run, comfortable, supportive and nice: the Ranthambore Kothi Hotel, and The Bargh. If the tiger safari “jeeps” and drivers were provided through these hotels, that was a wonderful service and much appreciated.

Pictures attached – in very random order. (see below)

Thank you again!

Cheers,

Julie Vry

Wellington, New Zealand
